

Falcon Deluxe 1092 Induction

'We have ten 1092 deluxe cookers at the Cook School and are planning to stock up on them for our new School in Aberdeen, too. It's basically a commercial kitchen in a single range cooker. With 5 burners, the multifunction ovens and the hi-speed grill, it copes effortlessly with a dinner party for 12. The deluxe model features the superb roll out grill, a feature that leaves us wondering why all cookers don't have one? And the warming drawer is perfect for heating up your plates. 10 out of 10!' Nick Nairn

The 1092 Deluxe has become the favourite in UK kitchens because of its stylish design, combined with professional build quality and durability. The improved Deluxe features now include a superior, smoother operating Roll-out grill, which allows you to turn your food safely, whilst offering the same four variable height settings, heavy-duty control knobs, stainless steel side panels and new colour options.

KEY FEATURES

- A rated ovens giving the best possible energy efficiency
- Induction hob, for truly flexible and responsive cooking with "hot hob" indicators for added safety
- Multifunction oven, allows food to be cooked to perfection by selecting the correct function for the food
- Storage drawer, for storage of pots and pans
- Heavy duty furniture, extra tough and durable pan supports for long lasting quality and performance
- 3 year guarantee for added peace of mind
